

## To Whom It May Concern

I am writing this letter to endorse Mr. Magapu Shanmukha Chakra Govindu Kumar, who is applying to the master's program at your prestigious university. I have known Magapu in my capacity as his professor for over three years, during which I taught him courses like "Deep Learning" and "Compiler Design".

Being an independent thinker with a logical mind and seeking to understand new concepts, Magapu had demonstrated great persistence in venturing beyond the scope of the subject. Magapu is a tremendously devoted individual and has the keen sense needed to take on any demanding task in his field. He has the competence and the desire to see any problem from both a detailed point of view and a broader perspective.

The endless hunger of Magapu for knowledge has urged him to pursue his higher studies at your esteemed university. Seeing his dedication, persistence and serious aspirations for higher education, I believe that he will realise his huge potential and inevitably attain exemplary results in his future endeavours. I thereby strongly recommend his admission to the master's program of your prestigious institution, and I earnestly believe that graduate studies at your university will empower him to build a fruitful career ahead.
